24 July 1972

MEMORANDUM FOR: Director of Planning, Programming, and Budgeting

SUBJECT : Annual Report for Intelligence Community

REFERENCES : ExDir Memo to the Deputies dated 3 July 1972,
subject: Agency Annual Report

D/DCI/IC Memo to the Deputies dated 20 July
1972, subject: DCI Annual Report to the Presi-
dent's Foreign Intelligence Advisory Board

1. Per a conversation with D/DCI/IC, D/PPB will assume the responsibility for satisfying D/DCI/IC's needs for input to the report of the Director to the PFIAB covering developments in the intelligence community as a whole. I specifically assured D/DCI/IC that D/PPB could be fully responsive to his requirements without requiring the Directorates to go through an independent submission on this subject.

2. Thus, D/PPB will please advise the Directorates of the types of material desired by D/DCI/IC for inclusion in the Annual Reports being submitted under the first referent memorandum. If materials are required which would not normally be included in the Annual Report of the Directorate, these should be informally collected or attached as a separate annex to the Directorate's Annual Report. This would be particularly appropriate with respect to activities which might not be one of the major line responsibilities of the Directorate but which would be included within its provision of staff assistance to the Director with respect to community affairs.
